

Gary D. Acton

Work Address:

Department of Geography & Geology
Sam Houston State University
1900 Avenue I
P.O. Box 2148
Huntsville, TX 77341-2148

Home Mailing Address:

1302 Caudill Street
College Station, TX 77840

Contact Information:

Work/Cell Phone: (979) 220-2103
Office Phone: (936) 294-1454

E-mail: gdacton@shsu.edu
Web Page: <http://geoacton.com>

Education:

Ph.D. (Geophysics), Northwestern University, 1990
M.S. (Geophysics), University of Arizona, Tucson, 1986
B.S. (Geology), Indiana University, Bloomington, 1984

Professional Experience:

Faculty Member at Sam Houston State University, 2013-present
Consultant/Chief Scientist, 2012, Siem Offshore and Overseas Drilling Limited
Associate Research Scientist, 2005-2013, University of California, Davis
Paleomagnetism Lab Manager, 2003-2006, University of California, Davis
Cruise Project Manager/Staff Scientist, 1995-2003, Ocean Drilling Program, Texas A&M
Lecturer in Geophysics, 1994-1995, University of New England
Caswell Silver Research Professorship, 1992-1994, University of New Mexico
Postdoctoral Fellow, 1990-1991, Woods Hole Oceanographic Institute
Research/Teaching Assistant, 1986-1990, Northwestern University
Geological Intern, Summer 1985, Sohio Petroleum Company
Research/Teaching Assistant, 1984-1986, University of Arizona
Geological Field Assistant, Summer 1984, U.S.G.S. in Denver

Research Interests:

Marine Geology and Geophysics, Scientific Ocean Drilling, Chronostratigraphy,
Plate Tectonics, Geodynamics, Paleomagnetism, Geomagnetism, Paleoclimatology,
Exploration Geophysics, and Data Analysis

Teaching:

Annually at SHSU, I teach 8 courses and on average give about 250 lectures in:
Physical Geology (GEOL-1403)
Plate Tectonics (GEOL-4337)
Methods in Applied Geophysics (GEOL-4337)
Independent Studies in Geology (Undergraduate Research; GEOL-4095)

Scientific Cruises & Field Expeditions:

Chief Scientist on the Baffin Bay Scientific Coring Program, a 9-week expedition on the *R/V JOIDES Resolution* funded by a consortium of petroleum companies (2012)
Integrated Ocean Drilling Program: Expedition 339, Mediterranean Outflow (2011-2012)
Integrated Ocean Drilling Program: Expedition 320, Equatorial Pacific Transect (2009)
Integrated Ocean Drilling Program: Readiness Assessment Cruise (2009)
ANDRILL: Chronostratigraphy Team Leader, Southern McMurdo Sound Project (2007)
D/V Chikyu Shakedown Cruise (2006)
Integrated Ocean Drilling Program: Expedition 306, N. Atlantic Paleoclimate (2005)
Ocean Drilling Program: Legs 165, 172, 178, 186, 200, and 206 (1995-2004)
Lake Baikal Field Expedition (1993)
Western Interior Seaway Paleomagnetism (1987, 1988, 1989, 1992, 1993)
Afar, Africa GPS and Paleomagnetism Campaign (1992)
New Madrid GPS Campaign (1991)
Mojave Desert Paleomagnetism (1985, 1986)

Awards and Service:

U.S. Science Support Program's IODP Distinguished Lecturer (2014-2015)
U.S. Advisory Committee for Scientific Drilling (USAC) (2009-2012)
Secretary of the Geomagnetism and Paleomagnetism Section of AGU (2009-2010)
Integrated Ocean Drilling Program Site Survey Panel (2006-2009)
Society of Exploration Geophysicists Scholarship 1985-1989.
Allan V. Cox Student Research Award 1988 from the Geological Society of America.
Best student paper, Tectonophysics Section, Spring 1987 AGU meeting.
Phi Beta Kappa National Honorary Society.

Thesis & Dissertation:

Acton, G.D., Kinematic Studies of Propagating Rifts and Rotating Microplates, and Paleomagnetic Tests of Plate Reconstructions with Implications for Motion Between Hotspots, *Ph.D. Dissertation*, Northwestern University, Evanston, 1990.
Acton, G., Paleomagnetism of Miocene Volcanic Rocks in the Mojave Region of Southeastern California, *M.S. Thesis*, University of Arizona, Tucson, 1986.
